Subject: JFP Acquires YA Fantasy That Takes Gaming and Questing to New Heights

PROVO, UT—Jolly Fish Press (JFP) has successfully signed a two-book deal with author Jeri Baird, acquiring the adventurous and engrossing *Tokens and Omens* series. The first installment of the series, *Tokens and Omens*, will be released Spring of 2016. The deal was headed by acquisition editor Reece Hanzon.

In Puck's Gulch, sixteen-year-olds undergo a dangerous trial known as the Quest. During a time of magic, Fate hands out tokens and omens based on their behavior. The teens survive the quest only by earning the tokens that will counteract the potentially lethal omens.

Zander trusts Fate. Alexa only trusts herself. When Fate intervenes, they find they're both wrong. Now, Fate has given them each a special gift—Zander sees secrets he doesn't want, and Alexa's thrilled to find she can control events through her embroidery scenes.

After Zander and Alexa each earn a Black Panther omen that makes surviving the Quest nearly impossible, they must break the rules and challenge Fate together. If they don't, one will die. And Fate has made it clear—she won't be cheated.

Before becoming an author, Jeri worked as a handmade paper artist, an entrepreneurship teacher for at-risk high school students, a reflexologist, a rock painter, and a zombie (in a film, not a real one). When she's not writing, she enjoys kayaking, the scenery from the back of her husband's motorcycle, and visiting her sons in Wyoming and California. Jeri now lives on the Western Slope of Colorado with her husband and one cat, who both make her laugh.

Subsidiary and media rights for the trilogy are available through the publisher. For information and to request for a review copy, please contact Christopher Loke at publicity@jollyfishpress.com.
